mirror green rivers thaw
convex flows, smoothly
alongside, our bodies gliding on
powder blue skies disguise
a vapor moon
crisp evergreen branches soar
through and to

dancing with the winding pavement
weightless wanderings with purpose
warm glittering sunlight streaks
roaming
dictated by the river

roughly five minutes
in the background
subconscious soothing calm
unearthly tones fill my head

cement this moment
melancholy melody transports peace to the future
nostalgia jolts, piercing the present
secret moments, collection of friends
